

TCM Forklift Parts

TCM Forklift Parts - In the international trade of material handling, forklifts play an important part for transporting industrial goods. Initially innovated as industrial vehicles during the 1930s in the United States of America, lift trucks gained recognition following WWII in the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these equipment spread globally.

In the year 1949, established by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Currently the business is simply called TCM Corporation. Through the years, TCM lift trucks have become a global leader in lift truck manufacturing and have built a solid reputation in the trade. TCM began building forklift manufacturing sites outside of Japan during the 1980s and is now engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

With more than fifty years of accumulated technology and expertise, TCM has been proudly making several models of industrial forklifts, making their models recognizable all around the world. With a strong and energetic staff, TCM has been able to continually work towards becoming a future leading material handling company.
