Advance-Nilfisk Parts - Think about how tiresome it will actually be to clean up your very own home right after having a big party, with out help from cleaning machines. Back in the day, the time upholstery and carpets had the dirt beat out of them by hand; brushes, brooms and cleaning cloths were the best cleaning materials during that time.

The man who established Nilfisk-Advance, P.A. Fisker, started out as an electrical engineer who really liked to work on electrical motors. After starting his company during the year 1906, he began to make motors to drive machine tools, drills, coffee grinders and fans. Mr. Fisker's dream from the beginning was to own an international company selling goods globally.

The Nilfisk C1 was an incredible breakthrough for the cleaning industry. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and can be operated by one individual. This creation came in a time where various cleaning machines were very big and required at least 4 operators, thus, the Nilfisk C1 transformed everything and evolved the manner we clean forever. The brain behind these first cleaning machines remains unparalleled. Cleaning machines offer an excellent solution to an existing problem; stuff get filthy and must be cleaned frequently, without too much effort.

Gradually but steadily, Nilfisk-Advance expanded all through the decades. In the 1980s, this expansion really happened when the business became a part of the NKT Group. Their new owners' ambition and motivation made Nilfisk-Advance take a huge leap ahead within the business, aiming to be among the biggest international players in the market of professional cleaning equipment. Nilfisk-Advance is presently found in all parts of the world by gradually obtaining many smaller companies so as to grow their product portfolio and presence in new markets. They are really proud to provide a range of cleaning solutions to suit each and every need.
